

Call for Applications Mobility call

University of Malaga (Spain) in the framework of the European Programme ERASMUS+ KA1

Objective

The Erasmus+ Programme – mobility offers **1 scholarship** to spend a period of study at **University of Malaga** for **Master Students** from the University of Sfax.

The **Erasmus+ Programme** is an initiative launched by the European Commission to fund mobilities among EU countries and between Programme Countries (EU countries) and Partner Countries (countries from the rest of the world). It was launched for the period 2014-2020 and, every year, a new call for proposals will be open with the aim to promote socio-economic changes, the key challenges that Europe will be facing until the end of the decade and to support the implementation of the Europe 2020 strategy for growth, jobs, social equity and inclusion.

Although the Erasmus program was initially addressed only to Programme Countries (EU), in 2015, for the first time, part of the EU funding will support mobility actions between Programme Countries and Partner Countries. To this respect, the Erasmus+ Programme is designed to support Programme Countries' efforts to efficiently use the potential of Europe's human talent and social capital, while confirming the principle of lifelong learning by linking support to formal, non-formal and informal learning throughout the education, training and youth fields. The Programme also enhances the opportunities for cooperation and mobility with Partner Countries, notably in the fields of higher education and youth.

This Erasmus+ Action 1 project between the University of Malaga and its partner universities in regions 1, 2, 3, 8 and 13 offers **Master students the chance to spend a study period at the University of Malaga (Spain)**.

Mobility students will receive a **grant as a contribution to their costs for travel and subsistence during the period of study and an amount to support them in covering their travel costs**. Mobility students can attend courses and use all the facilities available at the University of Malaga with no additional tuition fees (with the exception of any minor fees also applicable to local students). All learning activities approved in the Learning Agreement and completed successfully will be fully recognized at the home university.

The Home Universities will be in charge of selecting students and sending them to the University of Malaga (including preparation, monitoring and recognition related to the mobility period) and of announcing this call through their own web page and other publicity means.

Applicants are kindly requested to carefully read all the information contained in this document before proceeding to fulfill and submit their applications form.
