Missions, visions and values in line with the 17 goals of sustainable development stipulated by the United nations

Missions Visions Values

Preparing frameworks that meet market needs in harmony with international standards and improving the employability of young graduates

Ensuring an education system open to the world by encouraging international mobility

Work towards the creation of an innovative research environment that meets the needs of the community in such a way as to contribute to socio-economic development and to strengthen the role of the University at the regional, national and international levels

To be an entrepreneurial university at the service of socio-economic development

To be a center of training and research of excellence, autonomous, interdisciplinary and attractive, anchored in its socio-economic environment and aspiring to become a beacon on the southern shore of the Mediterranean in its international exchanges

To be cultural and natural at the regional and national level, while remaining rooted in the value systems that found our nation

Innovation and dynamism (scientific educational, cultural)

Respect for the diversity of people, societies and knowledge

Integrity and freedom of thought and expression

Take into account the ethical implications of certain results and certain practices

Openness (to the world, to diversity) and collaboration

Promoting creation, innovation and excellence

We are utterly committed to the 17 « S.D.G » set up by the United Nations General Assembly in 2015

The **Sustainable Development Goals (SDGs)** or **Global Goals** are a collection of 17 interlinked global goals designed to be a "blueprint to achieve a better and more sustainable future for all".^[1] The SDGs were set up in 2015 by the United Nations General Assembly and are intended to be achieved by the year 2030. They are included in a UN Resolution called the **2030 Agenda** or what is colloquially known as **Agenda 2030**.^[2] The SDGs were developed in the Post-2015 Development Agenda as the future global development framework to succeed the Millennium Development Goals which ended in 2015.

The 17 SDGs are: (1) No Poverty, (2) Zero Hunger, (3) Good Health and Well-being, (4) Quality Education, (5) Gender Equality, (6) Clean Water and Sanitation, (7) Affordable and Clean Energy, (8) Decent Work and Economic Growth, (9) Industry, Innovation and Infrastructure, (10) Reducing Inequality, (11) Sustainable Cities and Communities, (12) Responsible Consumption and Production, (13) Climate Action, (14) Life Below Water, (15) Life On Land, (16) Peace, Justice, and Strong Institutions, (17) Partnerships for the Goals.

STRATEGIC PLAN 2020-2025

Governance

- Aim for excellence in teaching and research
- Set SMART goals
- Plan short, medium and long-term activities in accordance with national priorities
- Scrupulously manage the means allocated to achieve such objectives

Digitization of the information

- Set a reliable and efficient information system which allows transparent and efficient management of human and financial resources of the university
- Ensure the perfect functioning of the University newsletters

Training

Guarantee the excellence in learning and teaching and ensure a better match between training offers and the needs of the job market

Research

The scientific and technological research is one of the main missions of our University. Huge effort are to be made to strengthen it and make it more relevant and efficient

Implementation of a Quality Management and Accreditation System

- Develop tools for evaluating and analyzing the training provided
- Set up internal quality assurance mechanisms
- Be certified and accredited (International recognition)

L.M.D (License, Master and Doctoral degrees)

- 71 Licenses (1st year)
- 36 Fundamental licenses
- 49 Applied licenses
- 05 co-built Licenses
- 64 Research Masters
- 76 Professional Masters
- 09 co-built Masters
- 30 Doctoral studies

VISIBILITY OF THE UNIVERSITY

Rankus

<https://rankus.univ-sfax.tn/>

In an increasingly competitive environment, universities now face an increasing need to convey an authentic and coherent institutional image with national and international visibility. Institutional visibility is essential not only to highlight the potential of the trainings offered but also to value their scientific research, pedagogic and cultural activities. These purposes trace the missions of Rankus

- *Scientific benchmarks*
- *International ranks of the University of Sfax*

The University of Sfax has just emerged potentially at [Scimago Institutions Ranking](#) managed by Scopus via Scival. This ranking is obviously very important as many other rankings pump their data from Scopus.

Ranked first nationally,
34th on the scale of Arab universities,
32nd on the African scale
729th internationally.

Compared to the research sector (which represents 50% of indicators), the University of Sfax is ranked first nationally,
25th on the scale of Arab universities,
38th on the African scale
391st internationally.

Ranked first nationally in the following areas:

- Chemistry
- Energy, Engineering,
- Agricultural and Biological Sciences,
- Genetics and Molecular biology,
- Econometrics and Finance
- Computer Science
- Medicine
- Biochemistry
- Economics
- Environmental Science

Sfax University is ranked first nationally at Scimago I. R 2021

The latest results of the “[Shanghai Global Ranking of Academic Subjects 2021](#)” were published on August 15, 2021.

The University of Sfax has just made a significant new breakthrough in the world of international rankings. Our results are as follows:

1. Food Science and technology: 101-150
2. Metallurgical Engineering: 151-200
3. Sport Science: 201-300
4. Mechanical Engineering: 301-400.

These results are calculated on the basis of 1000 Universities

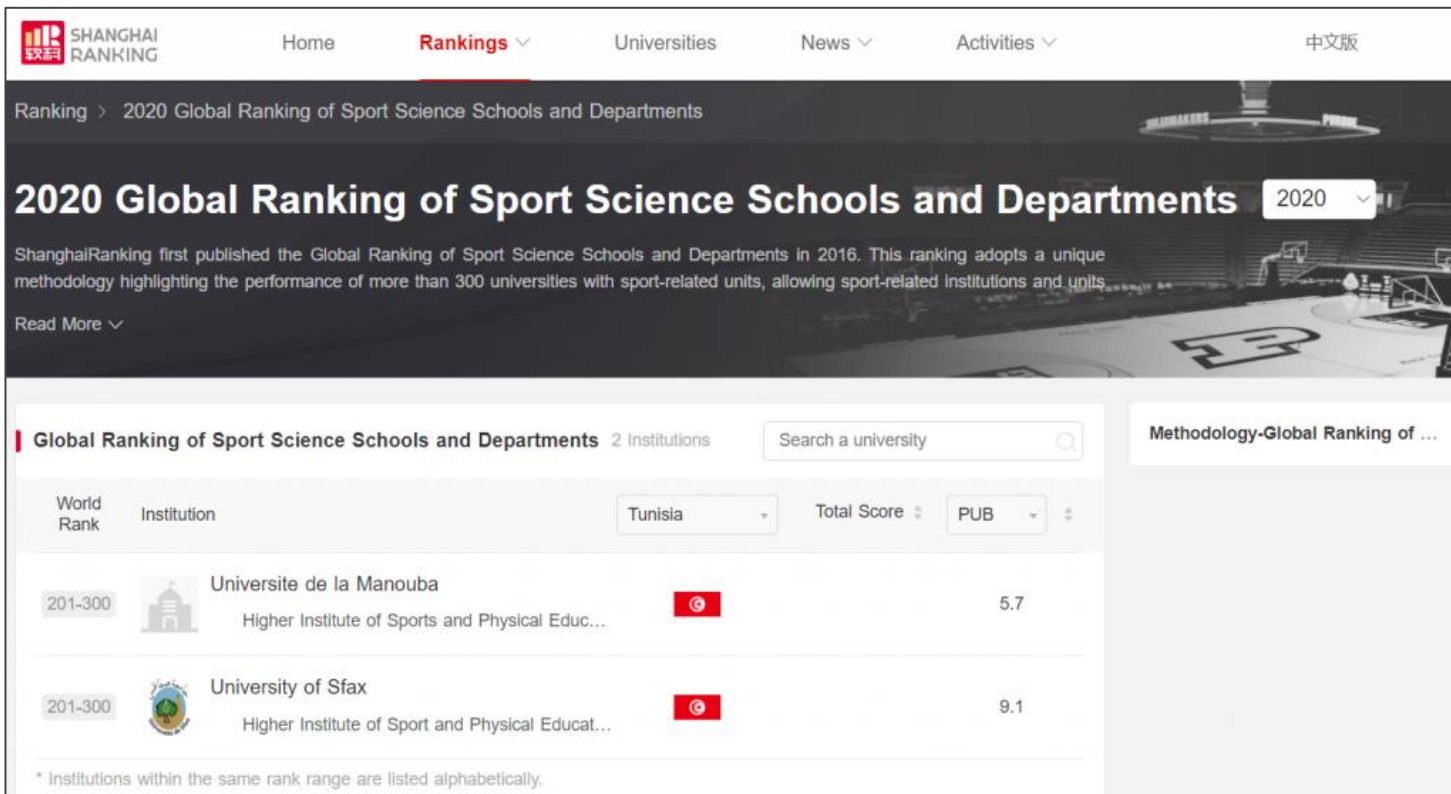

University of Sfax is ranked first nationally according to Webometrics 2022

PAQNEWS: Management Process, of Quality and Accreditation

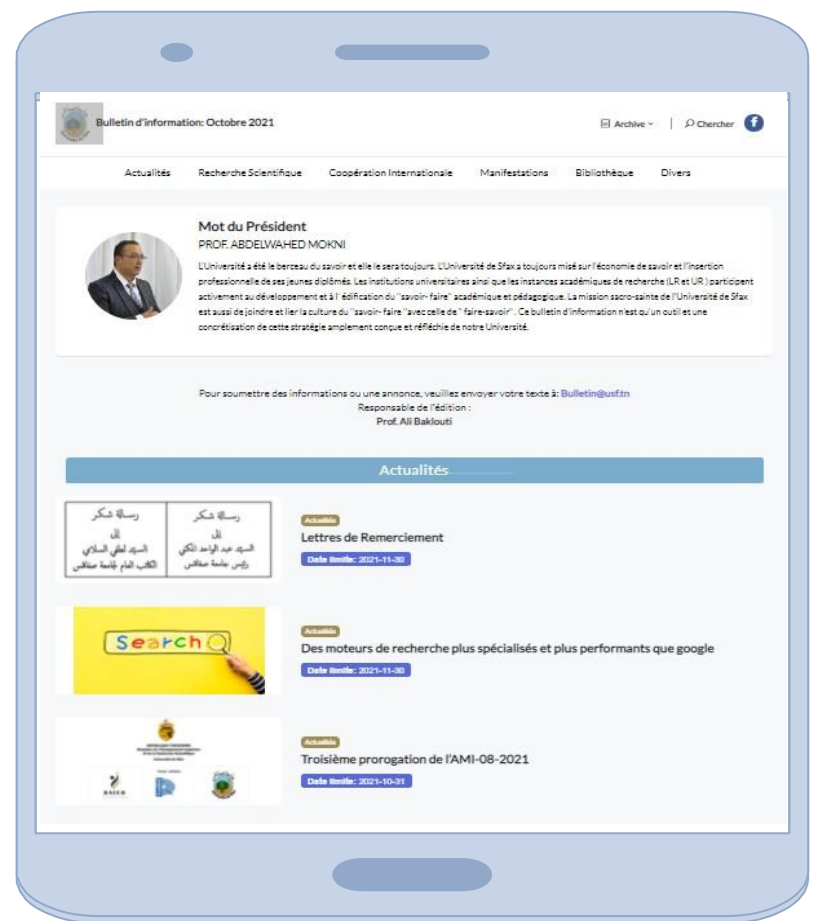

Management, Quality and Accreditation Process RAIED-SMQ-USF: Strengthening of Innovation, Entrepreneurship and Development of Quality Management Systems at the University of Sfax

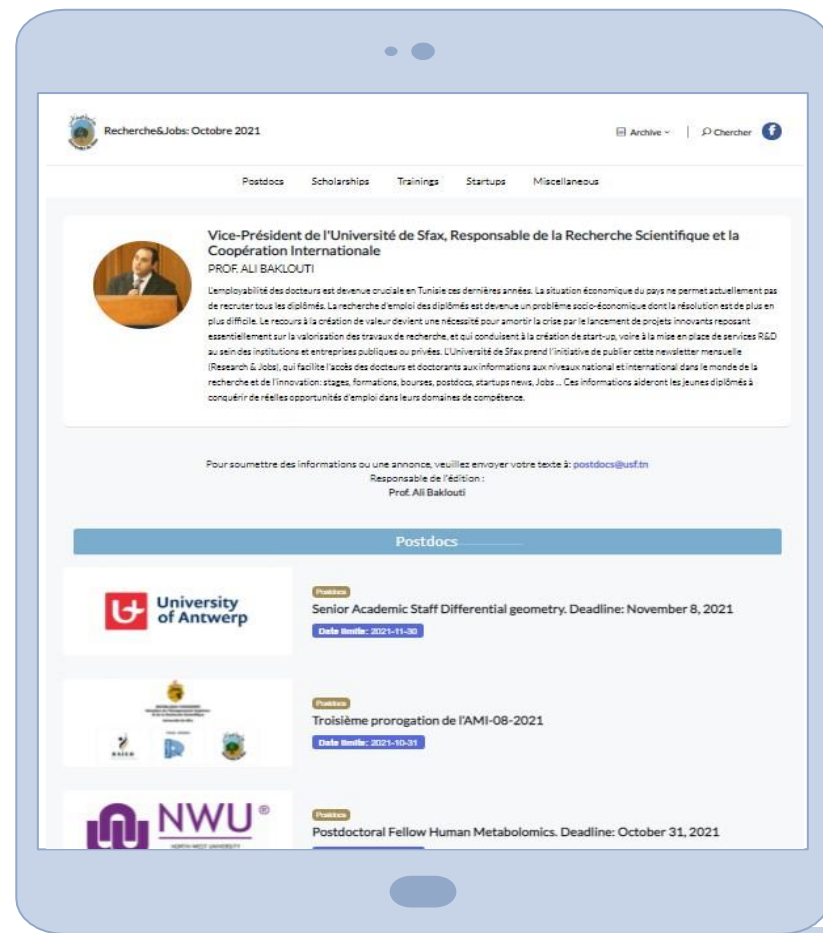

<https://paq.univ-sfax.tn/>

The Sfax University Newsletter is a communication tool consisting in sending an electronic information campaign from the University of Sfax to all the researchers forming the body of the University and to subscribers on a regular monthly basis. The content of this Bulletin is primarily intended to inform the contacts about detailed news on university and academic news, scientific research, international cooperation, events and various other backgrounds. [The Website](#)

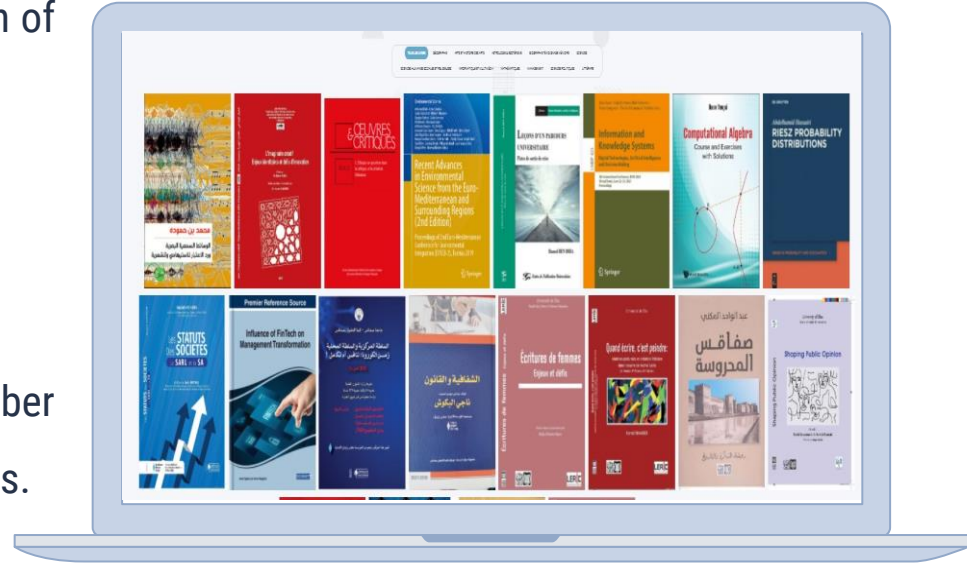

Recherche & Jobs: Through this newsletter, receive all the news by email every month devoted to higher studies and to the promising professions of the media specialized in education and training: ranking of the best training, studies abroad, focus trades and sectors, fairs and events, internships, jobs and tips ... [The Website](#)

The Digital Library: It is the establishment of an information platform allowing the circulation of knowledge and access to related digital documents. Based essentially on computerization and telecommunications techniques, this new mode of access to information provides users with a large number of books and works by university researchers.
